

REMARKS

The claims are claims 1, 35, 37 to 39 and 41 to 46 and 49 to 76.

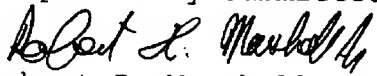

Apparatus claims 5 to 7 and 9 to 34 are canceled. New method claims 49 to 76 are added. Claims 49 to 76 recite subject matter similar to respective claims 6, 7 and 9 to 34 except in method form and dependent upon method independent claim 35.

Claims 5 to 7 and 9 to 34 were rejected based upon OFFICIAL NOTICE of the claimed apparatus limitations. New claims 49 to 76 explicitly recite new uses. The Applicants respectfully submit that the prior OFFICIAL NOTICE of apparatus fails to make obvious the new uses recited in claims 49 to 76.

The Applicants respectfully submit that all the present claims are allowable for the reasons set forth above. Therefore early reconsideration and advance to issue are respectfully requested.

If the Examiner has any questions or other correspondence regarding this application, Applicants request that the Examiner contact Applicants' attorney at the below listed telephone number and address to facilitate prosecution.
